

**DISCLAIMER:** Supreme Cream Scanlations stopped scanning Gosu after the official, English version was made available on [MangaDex.com](http://MangaDex.com). Because the English version is several chapters behind its Korean counterpart however, we're providing weekly translations to keep fans up to date until it catches up.

Please don't use our scripts to release scanned chapters, we would have done so ourselves if we wanted to see that happen. We're sorry, but we'll have no choice but to stop releasing the translations of that chapter.

Ryong:        Ugh...

Ryong:        My consciousness is...  
SFX: Hagh...

Ryong:        ...Muf... Could...the be...?

ST:        If that's the case...

Ryong:        Other than the one called Se Paacheon, is there anyone else I should  
watch out for?  
Master:        —

Master:        In the martial world... There are countless eccentric and headish fighters who  
defy the imagination, yet don't belong to any known faction.

Master:        The Blood Sect, who shook the whole nation before I marched to the Middle  
Kingdom... were made up of such men.  
And so were the many gozu who fought against them.  
Then there are the reclusive hermits, who don't concern themselves with  
worldly affairs, seeking only their personal growth.

**Master:** I've searched far and wide, but never met any of the first two kinds of men. For the former, it's uncertain whether there were any survivors in the first place, and as for the latter, all of them had left the munn.

**Master:** Sa Paicheon was the only one I managed to find. But unfortunately, he was a shadow of his former self...

**SFX:** Tap

**Master:** I've also searched for countless hermit gosu... But instead of the warriors I'd hoped to meet, all the ones I encountered were feeble weaklings who didn't live up to their name.

**Ryong:** Was there someone you wanted to meet?

**Master:** There were many... And among them...

**Master:** I especially wanted to meet a master of the 'Life Drain' technique... a bizarre martial art that can kill opponents by draining their ki.

**Master:** But given the fact that it was taught under great secrecy and that very few in the munn had the special, physical traits required to learn the martial art, I was told that it was long lost.

**Ryong:** ...

**Master:** And...

**Ryong:** Time to change your diaper, Master?

**Master:** Listen till the end, you brat!

**SFX:** ROAR

**Ryong:** ...

**Ryong:** I didn't pay much attention back then, but who knew the drain technique actually existed.

**SFX:** Tap

**Ryong:** And of all people, it had to be...

**SFX:** Kacash

**SFX:** Thud

**Ryong:** I

**Anon:** A little shallow, huh?

**SFX:** Step

**SFX:** Schwing

**SFX:** Tap

**Anon:** It's payback time, Disciple of the Heavenly Destroyer!

**SFX:** Snap

**Captein:** Our Lady wishes to capture you alive. But I tend to go all out once I start, and I'm not sure if I can control myself. So don't hold me to it.

**Ryong:** ...Right back at cha.

**SFX:** THWACK THWACK

**Ryong:** This is a first for me too, so I have no idea how much I should hold back to subdue you without killing you.

**SFX:** Huu

**Captein:** You brought this on yourself, so don't blame me for this!

**SFX:** WOOSH

**SFX:** KWOOOSH

**SFX:** Hup

**Dang:** ...

**Dang:** He's slowed down visibly since you stole his ki. At this rate, I might not even get the chance to take my revenge...

**Wookbok:** Not ending nicely...

**SFX:** Clang

**Wookbok:** I couldn't have absorbed more than half of his inner ki... And for it to be this much...

**SFX:** Huu

**Wookbok:** It's incomparable to anyone I've encountered so far!

**Wookbok:** Is achieving this level solely through training even possible at his age...?

**Wookbok:** In other words, the remaining ki is still enough to...

**SFX:** KLUJ

**SFX:** BOOM

**Bubble:** Hmnn

**SFX:** FLASH

**Bubble:** I

**SFX:** Ugh

**SFX:** Kacash

**SFX:** Thud... Crack... Thump

**SFX:** CRACK

**SFX:** Woosh

SFX: Koo ... Woo ... Woo ... Woo  
Bubble: ...!

Wookok: So?

Wookok: But in the current state, it's suicidal to continue using skills that tax his ki so heavily.

SFX: Cough ...

Wookok: The longer he keeps it up, the faster he'll deplete his ki and the more damage his meridians will receive!  
You must be looking at yourself, right?

Wookok: In a situation like this, he should either withdraw from here and recover his ki ...  
Or adopt an evasion strategy where he refrains from using skills that consume a lot of ki until his inner ki is stabilized!

ST: So ... What're you going to do?

Ryong: Energy, is it ...?

Ryong: Aight!

Ryong: I'll finish you off as quickly as possible!
